SUBJECT: SHARED CUSTODY REQUEST – URGENT

Dear England (& Wales),

We wish to put you on notice of our intention to apply for shared custody of the Cricket World Cup.

On the date of 14th of July 2019 a brief but passionate relationship was entered into at Lord's Cricket Ground that resulted in full custody of the Cricket World Cup being granted to you.

The dubious circumstances around you being granted full custody is the basis for our application for shared custody.

These circumstances include, *inter alia*;

- match - drawn
- super over - drawn
- misrepresentation of over throws/figures

In addition, you already have full custody of Benjamin Stokes which, as a sign of good faith, we will not be challenging.

Our initial offer is to have the Cricket World Cup every second weekend and the first week of every school holiday (except the winter holidays, as that's when we have rugby).

We believe this is a more than generous offer given the rather unfortunate circumstances you left us in. The signing of this document will be formal acceptance of the terms above.

We request your urgent response. We reserve all rights in respect of the above should we not reach an agreement.

Yours faithfully,

Jeremy Wells
